

Home Study Parent Student Practical Assignment (Summer 2023)

Congratulations!

Thank you for choosing Salt Lake International Driving School for your Drivers Ed needs. This Home study course is designed to provide you with 21st century resources to train you to be the best defensive driver you can, so you can face the roadway challenges that await you as you embark on your driving journey for the decades to come.

Please work with your parent (s) or legal guardian to complete one of the following assignment and submit the completed assignment to the school for course credit.

1. **Assignment A: Tire Change:** Working with your parent (s) or legal guardian, you will submit a recorded video of your teamwork effort to change one of your vehicle tires. Find the proper equipment to change a tire on a household vehicle. Please remember to exercise safely throughout the process and work with an adult supervisor to complete this assignment. You will present your video proof of this assignment to the school on the day of your final written test in person.
2. **Assignment B: Vehicle Component Familiarization Video:** Working with your parent and or legal guardian, submit a familiarization video of you (the student) locating and identifying while briefly detailing out the purpose of the following vehicle components, please refer to lesson three of your course work for additional resources.
 - a. **Comfort & Information system**
 - i. Seats, headrests, Dashboard, Air Conditioner, heater & Air vents.
 - b. **Control Systems**
 - i. Ignition Switch, Selector Level for Automatic Transmission, Gear shift for manual transmission, Clutch Pedal, Steering wheel, Accelerator or Gas Pedal, Cruise Control, Brake Pedal and Parking brake
 - c. **Visibility Systems**
 - i. Lights(turn signals, headlights, taillights, brake lights, reverse lights, and emergency flashers), Windshield Wiper/Washer, Sun Visor, Defroster, Rear, and side-view mirrors.
 - d. **Protective Systems**
 - i. Safety Belts, Air Bags, Head Restraints, Door locks.
 - e. **Under hood fluid**
 - i. Locate and check the levels of the engine oil, radiator coolant, battery connectors, brakes fluid, Power steering fluid (if applicable), transmission oil (if accessible and windshield washer fluid.

3. Assignment C: **Parent and Teen night presentation:** Contact ZERO FATALITIES by phone or visit (<https://zerofatalities.com/parent-night/>) to register and attend a parent teen night presentation. Provide them with the school email address you have received this course from to them to submit a training certification completion. Parent involvement is key to safe teen driving, we want you to be involved in helping us get your teen on the best foot forward as they embark on their driving journey. Thank you in advance for accommodating this.
